1. Call to Order: The meeting was called to order at 4:00 by Chairman Graham.

Burke York led the group around the work area of the FEMA project. He was quite concerned about a number of clean-up and repair work that still needed to be done. After walking the area and hearing his concerns, TM Frost and the Board of Selectmen assured him that the project is not complete and the area would be cleaned up appropriately. Jay Poulin stated the same and assured everyone that they are on top of the project and are in communication with The Nelson Companies, who are the contractors at the site.

The meeting adjourned at 4:45 pm.
